

Internal report. Confidential Information.

by Frank Siegert, generated as demonstration document for PDF2r.

This is something not everyone should know:

Here is some text
hidden! Use copy
& paste to see it.

Did you know that PDF documents may actually contain more information
the eye? This information can be extracted however given the right tools and knowledge
level of the recipient.

PDF2r rewrites the content of a PDF to a pure bitmaps thus what you see is really what is in
there. Nothing else.
